Officer's Message

- Police will be checking on you

Domestic Disturbances & Loud Arguments

The police were called because of a domestic disturbance. Everyone has disagreements, but not ones so intense that the police are called for help. What happened today is not okay.

The Chula Vista Police Department is taking new actions when responding to domestic violence. We will be checking in with you both in the future to make sure everyone is okay. If you ever need immediate help, CALL 911. The safety and well-being of everyone involved is our priority.

***Police take this seriously.
So should you.***

Advice from Police:

Take a Time Out: If you are upset, step away from the situation and take as much time as you need. Leave the room or home and allow your partner to do the same. Don't continue a heated conversation!

Avoid Alcohol and Drugs: Avoid arguments when either of you have been drinking or are under the influence of drugs. Things can quickly get out of hand!

Impact of Domestic Abuse on Children

Just hearing adults yelling is very scary for children of all ages. Babies and young children are affected the most. The fear caused by

WARNING to Domestic Violence Offenders

- 1.** This is your official notice that we are taking a new approach to domestic violence offenders.
- 2.** The Chula Vista Police Department, District Attorney's Office, and Probation Department have created a special task force to reduce domestic violence. Your specific case will be handled by the Task Force.
- 3.** The Task Force's mission is to prevent future domestic violence incidents by focusing completely on offenders like you.
- 4.** Domestic violence is wrong and will not be tolerated.
- 5.** Domestic violence is a crime against the family and community. Children and other family members suffer greatly from actions like yours.
- 6.** If you do not stop abusing your partner, you will receive a great deal of attention from the Domestic Violence Task Force. The only way you can avoid this attention is to stop abusing your partner from today forward. This means no more physical attacks of any kind, including pushing/shoving, and no more verbal abuse/domestic disputes.
- 7.** Any future incident involving you will be a priority for us. If you flee the scene of an incident, we will make every effort to track you down. There are 30 police officers on the Task Force, and we will all be working together to focus on offenders who continue to commit acts of domestic violence.
- 8.** We will examine your record to see if you have committed other crimes in the past. We will see what else you can be prosecuted for. If possible, we will reinvestigate old cases that were dismissed.
- 9.** You are now subject to future unannounced police visits.
- 10.** This new approach is being driven by the POLICE, not the victim.
- 11.** You have been admonished and warned.

Domestic Disturbances & Loud Arguments

The police were called because of a domestic disturbance. Everyone has disagreements, but not ones so intense that the police are called for help. What happened today is not okay.

The Chula Vista Police Department is taking new actions when responding to domestic violence. We will be checking in with you both in the future to make sure everyone is okay. If you ever need immediate help, CALL 911. The safety and well-being of everyone involved is our priority.

Police take this seriously.

1

Advice from Police:

Take a Time Out: If you are upset, step away from the situation and take as much time as you need. Leave the room or home and allow your partner to do the same. Don't continue a heated conversation!

Avoid Alcohol and Drugs: Avoid arguments when either of you have been drinking or are under the influence of drugs. Things can quickly get out of hand!

Impact of Domestic Abuse on Children

Just hearing adults yelling is very scary for children of all ages. Babies and young children are affected the most. The fear caused by these arguments is bad for the development of their brains.

Disputas Domésticas y Discusiones en Voz Alta

Se llamó a la policía debido a una disputa doméstica.

Sabemos que las personas tienen desacuerdos pero no tienen que ser tan intensos que se tenga que llamar a la policía por ayuda. No está bien lo que sucedió hoy.

El Departamento de Policía de Chula Vista está tomando nuevas acciones para responder a situaciones de violencia doméstica. Vamos a estar en contacto con ustedes para asegurarnos que todos se encuentren bien. Si usted necesita ayuda inmediata, LLAME AL 911. La seguridad y el bienestar de todos es nuestra prioridad.

La Policía toma esto en serio.

1

Consejos de la Policía:

Cuenta hasta diez: Si usted está molesto, retírese de la situación y tome todo el tiempo que necesite. Salga de la habitación y permita que la otra persona haga lo mismo. No siga con la discusión acalorada!

Evite el alcohol y las drogas: Evite discusiones después de haber estado bebiendo o consumiendo drogas. La situación se puede salir rápidamente de control.

Impacto de Abuso Doméstico en los Niños

El solo escuchar los gritos de los adultos puede ser algo que asuste mucho a los niños de todas las edades. Los bebés y los niños pequeños son los más afectados. El miedo causado por estos argumentos afecta negativamente el desarrollo de su cerebro.

Para mayor información, vea "Primeras impresiones: La Exposición a la violencia y el Desarrollo del Cerebro de los Niños".

WARNING: Domestic Violence is wrong and will not be tolerated.

The Chula Vista Police Department is taking new actions against domestic violence suspects.

Suspects are now a specific focus of the Domestic Violence Task Force—a joint initiative between the Chula Vista Police Department, District Attorney's Office, and Probation Department to stop domestic violence offenses.

- **Domestic violence suspects will be closely monitored.**
 - Expect unannounced police visits or other contacts.
- **Any future incidents involving suspects will be a priority.**
 - If a suspect flees the scene of an incident, every effort will be made to track the suspect down.

Stop the abuse. No more physical attacks (of any kind, including pushing or shoving) and no more verbal abuse.

The Domestic Violence Task Force takes offenses seriously.

WARNING to Domestic Violence Offenders

- 1.** This is your official notice that we are taking a new approach to domestic violence offenders.
- 2.** The Chula Vista Police Department, District Attorney's Office, and Probation Department have created a special task force to reduce domestic violence. Your specific case will be handled by the Task Force.
- 3.** The Task Force's mission is to prevent future domestic violence incidents by focusing completely on offenders like you.
- 4.** Domestic violence is wrong and will not be tolerated.
- 5.** Domestic violence is a crime against the family and community. Children and other family members suffer greatly from actions like yours.
- 6.** If you do not stop abusing your partner, you will receive a great deal of attention from the Domestic Violence Task Force. The only way you can avoid this attention is to stop abusing your partner from today forward. This means no more physical attacks of any kind, including pushing/shoving, and no more verbal abuse/domestic disputes.
- 7.** Any future incident involving you will be a priority for us. If you flee the scene of an incident, we will make every effort to track you down. There are 30 police officers on the Task Force, and we will all be working together to focus on offenders who continue to commit acts of domestic violence.
- 8.** We will examine your record to see if you have committed other crimes in the past. We will see what else you can be prosecuted for. If possible, we will reinvestigate old cases that were dismissed.
- 9.** You are now subject to future unannounced police visits.
- 10.** This new approach is being driven by the POLICE, not the victim.
- 11.** You have been admonished and warned.

2. El Departamento de Policía de Chula Vista, la Oficina de la Fiscalía y el Departamento de Libertad Condicional han creado una División especializada para reducir la violencia doméstica. Su caso será turnado a este equipo de trabajo.
3. La misión de ésta División es prevenir incidentes de violencia doméstica en el futuro al enfocarnos únicamente en infractores como usted.
