

BIOGRAPHICAL

Name: Dustin A. Pardini
 Birth Place: St. Louis
 Citizenship: US

EDUCATION AND TRAINING**UNDERGRADUATE**

1992-1996	Santa Clara University Santa Clara, CA	B.S., Cum Laude	Psychology Advisor: Eleanor Willemsen, Ph.D.
-----------	---	-----------------	---

GRADUATE

1998-2003	University of Alabama Tuscaloosa, AL	M.A. 2000 Ph.D. 2003	Child Clinical Psychology Advisor: John Lochman, Ph.D.
2002-2003	University of Washington Seattle, WA	Clinical Internship	Juvenile Justice/Child Clinical Director: Alex Trosky, Ph.D.

POSTGRADUATE

2003-2004	University of Pittsburgh Pittsburgh, PA	NIMH Postdoctoral Fellow	Psychiatric Epidemiology Director: Gale Richardson, Ph.D. Advisor: Rolf Loeber, Ph.D.
2004-2006	Carnegie Mellon University Pittsburgh, PA	NSF Postdoctoral Fellowship Award	Consortium on Violence Research Advisors: Wayne Osgood, Ph.D., & Edward Mulvey, Ph.D.

APPOINTMENTS AND POSITIONS**ACADEMIC**

2005-2014	Assistant Professor of Psychiatry, Department of Psychiatry, University of Pittsburgh School of Medicine
2007-2013	Training Faculty, Psychiatric Epidemiology T32 Training Postdoctoral Training Program, University of Pittsburgh Medical Center (PI: Gale Richardson, Ph.D.)
2014-2015	Associate Professor of Psychiatry, Department of Psychiatry, University of Pittsburgh School of Medicine
2009-2015	Assistant Professor of Psychology, Department of Psychology, University of Pittsburgh
2009-2015	Program Faculty, Center for the Neural Basis of Cognition, University of Pittsburgh & Carnegie-Mellon University (Directors: Peter Strick, Ph.D. & Michael Tarr, Ph.D.)
2010-2015	Faculty Associate, Center on Race and Social Problems, University of Pittsburgh (Director: Larry E. Davis, Ph.D.)
2011-2015	Graduate Faculty, Psychology Training Program, University of Pittsburgh
2012-2015	Training Faculty, Innovative Methods Promoting Advances in Child Treatment T32 Postdoctoral Training Program (PI: David Brent, MD)
2013-2015	Statistical Consultant, Pinney Associates, Inc., Pittsburgh, PA
2011-present	Co-Director, Pittsburgh Youth Study, University of Pittsburgh Medical Center
2013-present	Courtesy Appointment, Center of Alcohol Studies, Rutgers University
2015-present	Associate Professor, School of Criminology and Criminal Justice, Arizona State University
2015-present	Faculty Affiliate, Department of Psychology, Arizona State University

2015-present	Faculty Affiliate, Program on Behavioral Sciences and the Law, Arizona State University
2015-present	Faculty Affiliate, Research and Education Advancing Children's Health Institute, Department of Psychology, Arizona State University
2017-present	Training Faculty, NIDA T32 Primary Prevention Training Program (PI: Laurie Chassin), Department of Psychology, Arizona State University

MEMBERSHIPS IN PROFESSIONAL AND SCIENTIFIC SOCIETIES

<u>Organization</u>	<u>Year</u>
American Society for Criminology	2004-present
Society for the Scientific Study of Psychopathy	2007-present
Society for Research in Child Development	2008-present

HONORS

<u>Title of Award</u>	<u>Year</u>
Phi Sigma Tau, International Honors Society in Philosophy	1994
Psi Chi, National Honors Society in Psychology	1995
Phi Beta Kappa, National Honors Society	1999
Senior Service Award, Psychology Department, Santa Clara University	1996
Outstanding Master's Level Research, Psychology Department, University of Alabama	2000
Outstanding Master's Thesis, College of Arts & Sciences, University of Alabama	2000
Scholars for the Future Award, National Institute on Drug Abuse	2000
Developmental Research Award, Southeastern Psychological Association	2000, 2001
Training Scholarship, Institute on Longitudinal Methods, Penn. State University	2001
Jumpstart Your Research Career Award, National Institute on Drug Abuse	2001
Rosecrans Research Award, Alabama Psychological Association	2003
Student Travel Award, Society for Research in Child Development	2003
Early Career Contribution Award, Society of the Scientific Study of Psychopathy	2013
Faculty of Science Visiting Research Fellowship, University of New South Wales	2014

Selected Conference Presentations/Published Abstracts

1. **Pardini DA**, Plante TG, Sherman A. Religious faith and spirituality in substance abuse recovery: Determining the mental health benefits. Poster presented at the Society of Behavioral Medicine research conference, San Diego, CA; 1999.
2. Lochman JE, **Pardini DA**, Magee TN, Ellis M, Dane H. Aggressive and conduct disorders. Paper presented at the American Psychological Association research conference, Boston, MA; 1999.
3. **Pardini DA**, Lochman J, Wells K, Magee T. Role of community factors in the development of aggression. Poster presented at the American Psychological Association research conference, Boston, MA; 1999.
4. Frick PJ, Loney BR, Ellis ML, Wilson DL, **Pardini D**. Anxiety, fearfulness, and antisocial behavior. Paper presented at the Association for the Advancement of Behavior Therapy research conference, Toronto, Canada; 1999.

5. **Pardini DA**, Lochman JE. Social-cognitive processes of serious and non-serious juvenile offenders. Poster presented at the Southeastern Psychological Association research conference, New Orleans, LA; 2000.
6. Plante TG, **Pardini DA**. Religious denomination affiliation and psychological health: Results from a substance abuse population. Paper presented at the American Psychological Association research conference, Washington, DC; 2000.
7. **Pardini DA**, Lochman JE. Social-cognitive processes and emotional reactivity in juvenile offenders with psychopathic traits. Poster presented at the American Psychological Association research conference, Washington, DC; 2000.
8. Lochman JE, **Pardini DA**, Colder C, Wells KC. Children's fear and activity level as moderators of longitudinal parenting effects on aggression. Paper presented at the Society for Research in Child Development research conference, Minneapolis, MN; 2001.
9. **Pardini DA**. Social cognitive processes and fearfulness in adjudicated youth. Paper presented at the Society for Research in Child Development research conference, Minneapolis, MN; 2001.
10. **Pardini DA**, Lochman JE, Wells KC, Barth J. Negative affect, activity level, and adolescent substance abuse. Paper presented at the American Psychological Association research conference, San Francisco, CA; 2001.
11. **Pardini DA**, Barry JM. Patterns of perceived and actual social status among aggressive youth. Poster presented at the Society for Research in Child Development research conference, Tampa Bay, FL; 2003.
12. **Pardini DA**. Callous-unemotional traits and emotional recognition in children. Paper presented as part of the Society for Research in Child Development research conference, Tampa Bay, FL; 2003.
13. **Pardini DA**. The development of callousness in juvenile offenders: Testing the low fear hypothesis. Paper presented at the annual research conference of the American Psychological Association, Honolulu, HI; 2004.
14. **Pardini DA**, Loeber R, Stouthamer-Loeber M. Developmental shifts in parent and peer influences on moral beliefs about juvenile delinquent behavior. Paper presented at the annual research conference of the American Society of Criminology, Nashville, TN; 2004.
15. Obradovic J, Burt K, Loeber R, Stouthamer-Loeber M, **Pardini D**. Predicting trajectories of internalizing problems in males: A growth curve analysis. Paper presented at the biennial meeting of the Society for Research in Child Development, Atlanta, GA; 2005.
16. **Pardini D**, Schrum CL, Lochman JE. The short-term stability of callous-unemotional traits in aggressive children. Paper presented at the biennial meeting of the Society for Research in Child Development, Atlanta, GA; 2005.
17. **Pardini DA**, Burke J, Loeber R. Bidirectional associations between childhood disruptive behavior and parenting practices: I. Examination in a longitudinal community sample. Paper presented at the annual research conference of the American Society of Criminology, Toronto, Canada; 2005.
18. Burke J, **Pardini DA**, Loeber R. Bidirectional associations between childhood disruptive behavior and parenting practices: II. Examination in a longitudinal clinic sample. Paper presented at the annual research conference of the American Society of Criminology, Toronto, Canada; 2005.
19. Pardini JE, **Pardini DA**, Roush RR, Welling JS. Relation of post-concussion symptoms to functional brain activation in concussed athletes. Poster presented at the annual research conference of the Organization for Human Brain Mapping, Florence, Italy; 2006.
20. **Pardini DA**, Loeber R, Stouthamer-Loeber M, Farrington D. Predicting violence and homicide from childhood. Paper presented at the annual research conference of the American Society of Criminology, Los Angeles, California; 2006.
21. **Pardini DA**. Examining heterogeneity in concussed athletes using functional neuroimaging. Paper presented at the annual research conference of the International Neuropsychological Society, Portland, Oregon; 2007.
22. **Pardini DA**, Hipwell A, Loeber R, Koolhof R. Intellectual abilities, academic achievement, and the development of callous-unemotional features and conduct problems in young girls. Paper presented at the

- biennial research conference of the Society for the Scientific Study of Psychopathy, St. Petersburg, Florida; 2007.
23. **Pardini DA**, Loeber R. Predicting violence initiation in boys: Are there nonlinear effects? Paper presented at the Center for Disease Control and Prevention workshop on protective and promotive factors for youth violence, Atlanta, GA; 2007.
 24. **Pardini DA**, Loeber R, Stouthamer-Loeber M, Farrington D. Risk and promotive factors predicting violence in the Pittsburgh Youth Study. Paper presented at the annual research conference of the American Society of Criminology, Atlanta, GA; 2007.
 25. **Pardini DA**, Phillips ML. Neural processing of fearful facial expressions in chronically violent and non-violent men. Paper presented at the Society of Biological Psychiatry research conference, Washington, DC; 2008.
 26. Amy B, McNamee R, **Pardini D**. Does adolescent interpersonal callousness predict adult antisocial outcomes beyond disruptive behavior disorder symptoms? Poster presented at the biennial research conference for the Society for the Scientific Study of Psychopathy, New Orleans, LA; 2009.
 27. **Pardini D**, Byrd A, McNamee R, Raine A. Neurocognitive and physiological correlates of psychopathic features in adolescent males. Paper presented at the biennial research conference for the Society for the Scientific Study of Psychopathy, New Orleans, LA; 2009.
 28. **Pardini DA**, Phillips ML. Neural processing of positive and negative social cues in chronically violent men. Poster presented at the annual research conference of the Society of Biological Psychiatry, Vancouver, Canada; 2009.
 29. **Pardini DA**. Discussant on paper symposium entitled Neuroscience Approaches to Adolescent Antisocial Behavior: fMRI Studies Toward Understanding Empathy and Callousness. Presented at the biennial research conference of the Society for Research on Adolescence, Philadelphia, PA; 2010.
 30. Byrd AL, McNamee RL, **Pardini DA**. Parenting and peer factors in adolescence predict psychopathic traits in early adulthood. Poster presented at the biennial research conference of the Society for Research on Adolescence, Philadelphia, PA; 2010.
 31. McNamee R, Byrd A, Priola J, **Pardini D**. Regular marijuana use blunts the amygdala response to facial cues of threat. Poster presented at the annual research conference of Human Brain Mapping, Barcelona, Spain; 2010.
 32. **Pardini D**, McNamee R, Byrd A, Priola J. Neural processing of threat and distress in men with chronic and remitting early-onset antisocial behavior. Paper presented at the biennial research conference of the Life History Research Society, Montreal, Canada; 2010.
 33. **Pardini D**, Fite PJ. CD, ODD, ADHD, and callous-unemotional traits as unique predictors of future psychosocial maladjustment in males. Paper presented at the research conference of the American Society of Criminology, San Francisco, California; 2010.
 34. Stouthamer-Loeber M, **Pardini D**, Loeber R. Desistance and persistence of delinquency from middle childhood to early adulthood. Paper presented at the American Society of Criminology Conference, San Francisco, California; 2010.
 35. **Pardini DA**, McNamee R, Byrd A, Loeber R. Brain function abnormalities associated with chronic and desisting criminal behavior. Paper presented at the research conference of the American Association for the Advancement of Science Conference, Washington, DC; 2011.
 36. Byrd AL, Loeber R, **Pardini DA**. Understanding desisting and persisting forms of delinquency: The unique contributions of disruptive behavior disorders and interpersonal callousness. Poster presented at the research conference of the Society for Research on Child Development, Montreal, Quebec; 2011.
 37. **Pardini DA**. Interpersonal callousness and parenting factors as developmental precursors to psychopathic traits in early adulthood. Paper presented at the research conference of the Society for Research on Child Development, Montreal, Quebec; 2011.
 38. Byrd AL, Loeber R, **Pardini DA**. Do psychopathic traits in adolescence predict delinquency persistence into adulthood? Poster presented at the research conference of the Society for the Scientific Study of Psychopathy, Montreal, Quebec; 2011.

39. **Pardini DA**, Byrd A, McNamee R. Neural processing of rewards and punishments in men with psychopathic traits. Paper presented at the research conference of the Society for the Scientific Study of Psychopathy, Montreal, Quebec; 2011.
40. Brown S, **Pardini D**, Hughes T. Examining high school dropout rates between white and black students: The influence of attitudes, parental factors, and early academic achievement. Poster presented at the research conference of the American Psychological Association, Washington, DC; 2011.
41. **Pardini DA**, Loeber R. Amygdala volume as a predictor of future arrest in young men. Paper presented at the annual conference of the American Society for Criminology, Washington, DC; 2011.

- White, H. R., Anderson, K., Bechtold, J., & **Pardini, D. A.** (2017). Race as a moderator of the association between coping and enhancement motives and marijuana use among young adult men. Poster presented at the research conference of the Society for Prevention Research, Washington, DC.

PROFESSIONAL ACTIVITIES

TEACHING:

Previous Courses/Seminars

- 1997 *Introduction to Statistics*, Santa Clara University, Department of Psychology
Served as a teaching assistant for an undergraduate introductory statistics course covering descriptive statistics, correlation, t-tests, and analysis of variance. (35 students, 20 hours)
- 2000 *Introduction to Psychology*, Psychology Department, University of Alabama
Served as primary instructor for undergraduate course providing an overview of several areas of psychology, such as clinical, cognitive, social, and organizational psychology (50 students, 40 hours)
- 2001 *Psychological Assessment*, Psychology Department, University of Alabama
Served as teaching assistant and clinical supervisor for first-year graduate course in assessment. Provided training on cognitive and academic achievement assessment batteries for children and adults (e.g. WISC, WAIS, Woodcock-Johnson Test of Achievement). Reviewed assessment reports and scored protocols. Supervisor: Jean Spruill, Ph.D. (10 students, 30 hours).
- 2005-2008 *Quantitative and Experimental Methods Seminar*, University of Pittsburgh, Department of Psychiatry
Organized a monthly seminar series during the academic year focused on the use of innovative quantitative (e.g., growth mixture modeling, longitudinal invariance testing) and experimental (e.g., fMRI) methods in developmental psychopathology research. Organized a rotating group of guest lecturers for presentations. (approximately 8-10 faculty members, post-doctoral fellows, graduate, & undergraduate students and interested UPMC staff, 9 meetings per year).
- Spring 2016 *Quantitative Methods: Measurement Design and Refinement*, Arizona State University, School of Criminology and Criminal Justice
Taught a graduate level course covering the principles of psychometric theory and contemporary methods for developing, evaluating, and refining psychometric instruments. Topics covered included test construction procedures, conducting exploratory and confirmatory factor analysis, testing for structural and metric invariance, evaluating aspects of test reliability and validity. (13 doctoral students).

Training Program Director

- 2008-2012 *Minority Researcher Training Program*, University of Pittsburgh, Department of Psychiatry
Directed a program funded by a grant from the PA Department of Health designed to provide applied research training to African-American and Hispanic undergraduate and graduate students, as well as junior faculty to foster scientific career development. Responsible for recruitment, retention, and general program administration (program included 1 junior faculty, 4 doctoral students, 3 Master's students, and 3 undergraduate students).

Internal Guest Lectures/Trainings

- 2005 Seminar: Quantitative and Experimental Methods in Developmental Psychopathology Seminar (Topic: Multiple imputation in social science research), Department of Psychiatry, University of Pittsburgh, Pittsburgh, PA. (2 Master's students, 2 postdoctoral fellows, 5 faculty members).
- 2006 Seminar: Quantitative and Experimental Methods in Developmental Psychopathology Research Seminar (Topic: Ordinal factor analysis in longitudinal research), Department of Psychiatry, University of Pittsburgh, Pittsburgh, PA. (2 Master's students, 2 postdoctoral fellows, 5 faculty members).

- 2006 Seminar: Quantitative and Experimental Methods in Developmental Psychopathology Research Seminar (Topic: Testing interactions and non-linear effects), Department of Psychiatry, University of Pittsburgh, Pittsburgh, PA. (2 Master's students, 2 postdoctoral fellows, 5 faculty members).
- 2007 Course: Quantitative and Experimental Methods in Developmental Psychopathology Research Seminar (Topic: Use of fMRI to study violence), Department of Psychiatry, University of Pittsburgh, Pittsburgh, PA. (1 postdoctoral fellow, 5 faculty members).
- 2008 Seminar: Clinical Program Brown Bag Seminar (Topic: Interpersonal and affective features of psychopathy in youth), Department of Psychology, University of Pittsburgh, Pennsylvania, PA. (10 undergraduate students, 15 doctoral student, 9 faculty).
- 2010 Seminar: Psychiatric Epidemiology & Alcohol Research Seminar (Topic: Oppositional defiant disorder and conduct disorder in DSM-5). Department of Epidemiology and Psychiatry, University of Pittsburgh, Pittsburgh, PA. (3 undergraduate students, 8 postdoctoral students/faculty).
- 2011 Seminar: Child Development Unit Seminar Series (Topic: Callous-unemotional traits as a subtype of conduct disorder in DSM-5), Department of Pediatrics, University of Pittsburgh Medical Center, Pittsburgh, PA. (12 medical faculty/residents).
- 2013 Course: Developmental Psychopathology (Topic: Neurobiological pathways to ODD/CD), Department of Psychology, University of Pittsburgh Medical Center, Pittsburgh, PA. (10 doctoral students)
- 2014 Workshop: Clinical management and treatment of individuals with personality disorders (Title: Treatment of antisocial personality disorder in clinical practice: Do we know what works?), Western Psychiatric Institute and Clinic of UPMC Presbyterian Shadyside Office of Education and Regional Programming, Pittsburgh, PA. (90 masters/doctoral mental health professionals)
- 2014 Invited Talk: 14th Annual Department of Psychiatry Research Day (Title: Amygdala abnormalities as a biomarker for early-onset persistent antisocial behavior), University of Pittsburgh Medical Center, Pittsburgh, PA. (325 undergraduate/graduate/postdoctoral students and faculty)
- 2015 Seminar: Prevention Science Postdoctoral Seminar Series (Title: Rehashing Reefer Madness in the Era of Legalization: Science, Politics, and Propaganda), Department of Psychology, University of Arizona, Tempe, AZ. (20 undergraduate/graduate/postdoctoral students and 5 faculty)
- 2015 Presenter: Ad Hoc Doctoral Student Presentation (Title: The Pittsburgh Youth Study: Design, Prior Research, Ongoing Studies, Upcoming Data Release), School of Criminology and Criminal Justice, University of Arizona, Tempe, AZ. (8 doctoral students, 1 postdoc, and 1 faculty)

Invited External Lectures/Trainings

- 2006 Secondary presenter. Workshop: Drug use among African Americans (Topic: Substance use, violence, and race), National Institute on Drug Abuse, Washington, DC. (25 doctoral intramural researchers).
- 2006 Secondary presenter. Workshop: Consequences of marijuana use on brain and behavioral development (Topic: Neurocognitive effects of marijuana use), National Institute on Drug Abuse, Washington, DC. (30 doctoral intramural researchers).

- 2007 Seminar: Neurobiology of Antisocial Behavior and Affective Disorders Seminar (Topic: Neurobiology and violent behavior in men), Unit on Affective Cognitive Neuroscience, National Institute of Mental Health, Washington, DC (10 intramural doctoral researchers).
- 2007 Workshop: Protective and Promotive Factors for Youth Violence (Topic: Nonlinear effects in violence research), Centers for Disease Control, Atlanta, GA (20 faculty, CDC administrators).
- 2007 Secondary presenter. Meeting: Neurobiology of Violence: Implications for Prevention and Treatment (Topic: Violence escalation and desistence from childhood to early adulthood), Royal Society, London, England. (30 international faculty).
- 2010 Workshop: Panel on Protective and Promotive Factors for Youth Violence (Topic: Protective factors in youth at-risk for violence), Centers for Disease Control, Atlanta, GA.
- 2011 Course: Healthy Brains and Behavior Study Grand Rounds (Topic: Brain function and criminal careers), Department of Criminology and Psychology, Penn State University, Pittsburgh, PA.
- 2013 Course: Environment, Molecules, and Population Health Seminar (Topic: Callous-unemotional traits in youth), Mailman School of Public Health, Columbia University, New York, NY.
- 2013 Conference: Quebec Child Mental Health Research Day (Topic: Contemporary conceptualizations of disruptive behavior disorders in youth), McGill University, Westmount, Quebec. Keynote address, \$2000 honorarium. (Over 150 undergraduate/graduate/postdoctoral students and faculty).
- 2013 Course: Research and Continuing Education Program (Title: Callous and uncaring adolescents), Reading Hospital Psychiatry Department, Reading PA, \$1000 honorarium. (approximately 75 medical and mental health professionals)
- 2013 Conference: Society for the Scientific Study of Psychopathy Conference (Title: Developmental conceptualizations of psychopathy: What do we know and where do we go?), Washington, DC. Early Career Contribution Award address.
- 2014 Invited Lecture: School of Psychology Seminar Series (Title: Developmental conceptualizations of psychopathic traits: Separating fact from fiction), University of New South Wales, Sydney, Australia.
- 2014 Invited Lecture: School of Psychology Seminar Series (Title: The Pittsburgh Youth Study and Pittsburgh Girls Study: Overview and key finding), University of New South Wales, Sydney, Australia.
- 2014 Workshop: Mental Health and Violence: Opportunities for Prevention and Early Intervention (Title: Strategies for preventing youth violence: The importance of optimizing screening), Institute of Medicine of the National Academies, Forum on Global Violence Prevention, Washington, DC.
- 2017 Invited Lecture: Developmental Risk and Resilience Unit (Title: Developing empirically-based risk screening tools for use in pediatric settings: Implications for preventing externalizing psychopathology), Division of Psychology and Language Sciences, University College London, London, England.

Current Grant Support

NIDA 1R01DA034608-01 (PI: Pardini)

4/01/13 - 3/31/17

40%

Role: Principal Investigator

\$669,866

“Diverging Marijuana Use Trajectories in Black and White Men: Antecedents and Outcomes”

To examine the early developmental precursor and later adult life outcomes associated with differing developmental patterns of marijuana use from childhood to adulthood, including the structural/functional abnormalities associated with early-onset chronic use.

NHLBI HL111802-01A1 (PI: Matthews) 7/1/12 - 6/30/17 15%
Role: Co-Investigator \$2,169,039

“Early Life Adversity, Sleep, and Cardiovascular Risk in Black and White Men”

To examine early psychosocial risk factors that lead to racial discrepancies in early risk factors for cardiovascular disease among men in a longstanding longitudinal study (i.e., Pittsburgh Youth Study) spanning from childhood to early adulthood.

R01HD083194 (PI: Dustin Pardini) 7/1/15-6/30/19 30%
Role: Principal Investigator \$1,884,523

“Optimizing Screening Tools for Identifying Children at Risk for Violence”

This project will use a multi-staged measurement development strategy to create a set of free, empirically-based, and precise risk screening instruments that can be used in multiple settings to identify children most in need of targeted violence prevention services.

R01HD083194 (MPI: Dustin Pardini/Edward Mulvey) 3/1/16-2/28/19 35%
Role: Primary Principal Investigator \$865,587

“Psychological and Socio-Contextual Factors in Gun Carrying and Firearm Violence”

To examine both static and dynamic risk factor related to the development of gun carrying and firearm violence from middle adolescence to young adulthood using existing longitudinal data on community-based (Pittsburgh Youth Study) and justice-involved (Pathways to Desistance Study) males.

Current Grant Consultation

NIDA K01DA030449-01 (PI: Magdalena Cerda) 2/15/11-2/31/17 0%
Role: Consultant/Secondary Mentor \$908,186

“Trajectories of Substance Use and Comorbid Mental Illness”

To examine the longitudinal relationship between substance use and comorbid mental health problems from childhood to adulthood using existing longitudinal datasets, including identifying early risk factors that lead to comorbidities.

Completed Grant Support

OJJDP JF-FX-0445 (PI: Dustin Pardini) 9/1/12 - 8/31/15 30%
Role: Principal Investigator \$1,334,461

“Continuation of Dissemination and Archiving of Pittsburgh Youth Study Data”

To work with the Inter-University Consortium for Political and Social Research (ICPSR) to archive the data collected from the Pittsburgh Youth Study for limited public access. Conduct secondary data analysis on the PYS and two other longitudinal datasets to investigate the early risk and promotive factors associated with homicide.

Commonwealth of Pennsylvania (PI: Lewis) 6/1/11 - 5/31/15 5%
Role: Co-Investigator \$4,201,046

“Reducing the Cognitive Consequences of Cannabis Use by Adolescents”

To examine the neurocognitive and neurobiological consequences of early marijuana use in human and non-human primates, as well examine the effects of a brief psychosocial intervention on marijuana use among youth seen in pediatric clinics.

NIMH 1K01MH078039 (PI: Pardini)	4/3/07-3/31/13	100%
Role: Principal Investigator		\$760,739
“Brain Function, Cognitive and Emotional Processing, and Behavioral Dysregulation”		
To gain training in fMRI and cognitive neuroscience to study the relation between functional neurobiology and the maintenance of antisocial behavior into adulthood.		
Commonwealth of Pennsylvania (PI: Loeber)	6/1/08 - 5/31/12	25%
Role: Co-Investigator		\$3,932,888
“Consortium on the Causes and Prevention of Violence”		
To link biological and environmental factors to the prediction of violence, and examine the effects of a psychosocial treatment on behavioral indicators of conduct problems and neurobiological functioning. Provide training to minority researchers in order to promote their academic careers.		
NIAAA AA016798-01A1 (PI: White)	6/1/09-5/31/11	10%
Role: Co-Investigator		\$737,367
“Persistence and Desistence in Heavy Drinking and Violence”		
To conduct secondary data analysis on a longitudinal study of boys to examine the comorbidity of violence and heavy drinking and document the long-term outcomes associated with these comorbid conditions.		
OJJDP (PI: Loeber)	10/1/09 - 9/30/10	5%
Role: Co-Investigator		\$165,014
“Protective Factors Pertaining to Violence Buffers and Developmental Processes”		
To disseminate findings from the Pittsburgh Youth Study, which is a longitudinal study examining the course of delinquency, substance use, and mental health problems in three samples of males.		
CDC CIRCL Pilot Grant (PI: Pardini)	3/15/06 - 3/14/07	0%
Role: Principal Investigator		\$10,000
“Neurological Functioning in Childhood-Onset Persistent Male Violence”		
To examine the functional brain abnormalities associated with emotion processing and executive functioning among men with different developmental patterns of violence		
NSF NCOVR Pilot Grant (PI: Pardini)	3/15/06 - 3/14/07	0%
Role: Principal Investigator		\$14,850
“Neurological Functioning in Childhood-Onset Persistent Male Violence”		
To examine the functional brain abnormalities associated with emotion processing and executive functioning among men with different developmental patterns of violence.		
NIDA 1F31DA14452-01 (PI: Pardini)	5/30/01-6/31/03	100%
Role: Principal Investigator		\$52,877
“Temperament, Parenting, and Adolescent Substance Use”		
National Research Service Award to gain training longitudinal data analysis and temperamental correlates of substance use. Complete a doctoral dissertation project investigating the parenting and temperamental factors that lead to early substance use onset.		
DOJ 2000CKWX0091 (PI: Lochman)	10/1/99-3/30/02	0%
Role: PI-Pilot Project Award		\$5338
“The Development of Conscience in Middle Childhood: Origins and Outcomes”		
Pilot project to examine the early parenting and temperamental factors associated with aspects of conscience development in children, as well as the behavior problems associated with poor conscience development.
